RE: Radion station "K-LOVE"

I am writing in deep concern for a Radio Station by the name of "K-Love".

I have recently recieved news about your corporation's decision to remove some of the stations that are on F.M. band radio. I have heard that due to (L.P.F.M.) stations, you will be removing stations that may seem of no importance.

I would like to tell you something concerning only the station "K-LOVE-103.7".

This particular station has changed my life. I once was a troubled young man, addicted to drugs and carless. I was raised by the Judicial system of California along with 7 other states. I went through boot camp, group homes, foster homes, youth authorities, and mental Institutions. I had no hope.

I am gratefull for this simple Christian station, and its persistence

in targetting youth. Through this simple station, and its concern for people who are broken and lonely; people who seem to have lost all sense of selfworth, and have no hope.

I am now 21 years old and wholly serving my community.

I am currently living at a Christian ~~Missionary~~ Training Center in

Northern California. I have hope and a beautiful future. All because of a Radio Station that encouraged me, regardless of how I feel, I can always turn on "K-Love" and get something positive to listen to. I honestly ask you; Would you rather have a radio station playing Heavy Metal, or Rap, or Classic Rock?

Do you honestly consider the good this one station has done Millions of people. Please do consider keeping this radio station on air. I may only be one man pleading for something good in this cruel world, but there are millions who feel the same!

I do realize that revenue may be involved, but money isn't what life is about. Life is about Love, and doing good for people. Thank you for taking a little time to read this letter. In, this radio station changed my life, and my outlook on life.

Thank You,
Mr. Christopher Williams

Re: K-LOVE FM 103.7

To whom it may concern,

I am writing in regard to one of our local radio stations, K-LOVE FM. Apparently, because of a new low power radio frequency program, they could possibly be replaced by a different type of programming. This concerns me for several reasons.

K-LOVE is a family oriented station. The program content on K-LOVE is appropriate for the entire family, regardless of age or gender.

The music played is uplifting and inspirational, promoting love and the common good of man. In my opinion, these qualities are what our communities need to be exposed to in this day and age.

K-LOVE offers a prayer line, manned by pastors from several congregations community-wide, who pray individually for each person that calls.

K-LOVE promotes functions that are healthy and safe for everyone.

MEMORANDUM
JAN 10 1968

Members of K-LOVE staff support organizations that have a tremendous impact on our local community as well as communities nation-wide.

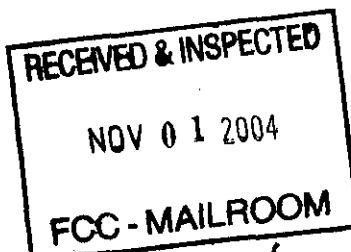

My family and I greatly appreciate K-LOVE and all that it stands for (i.e. the health, welfare, safety and salvation of all) and we would be extremely dismayed if their ability to broadcast were brought to an end.

Please reconsider installing this new low-power program. I am certain that many more than I would be negatively affected by ending K-LOVE's ability to broadcast.

Sincerely -

Robin O'Hanlon

To FCC,

Hello my name is Matt Cook and I am a resident at Mountain of Mercy for Mission Teens. Since I am not from anywhere close around here, actually I am from Arkansas. Therefore I am not used to all the different radio stations, but during our work projects and daily chores there is always one radio station that we can rely on to send a good positive and uplifting spirit much less to even reach us up ~~there~~ here on the mountain. I ask you this, is your reason to change K-love's station such a good reason that you truly believe that God would approve of your decision or is this decision merely based on man's selfish desires? On our American currency it is written "In God we Trust." ^{back} →

What ever your true reason
may be to chang K-love
also ask yourselves this.

Would God put his
almighty trust and support
in you to do away with
K-love (a very inspirational
and christian radio station)?

If so please enlighten
our minds from this disturbing
thought in a public announcement
so that we may all share
the same point of view
because I am sure that
it is an idea that you
have turned to God about
before trying to take away
one of his very own tools
that he uses to save lives
and express his love towards
people.

Matt
Cook

FCC - MAILROOM

(TO The FCC:)

My name is Jeff Shade and I am from Itzehfeld IL. I recently moved to Humboldt Co. California. I am presently in a Christian recovery center called Mountain of Mercy which is part of the Mission Teens program. There are several of these programs across the United States.

This is for you concerning your reasoning for wanting to shut down the radio station KLOVE. All I know as that I have been a drug addict and alcoholic and a lost soul searching for truth love, and a identity most of my life. I found the answer I was looking for in Jesus Christ, He has set me free from the bondage of addiction and is teaching me how to love my self for the first time in my life and I now can give that love, which is a free gift ~~from~~ from God to others. The rest of my life is now dedicated to serving out of love and admiration the God that humbly came down to earth

→

to give his life for all of us.
That means me and you. His
name was, and is Jesus Christ.

Life is about more than a
radio station. It's about the
Love of God and that Jesus is
coming back some day, to take
his Church, his bride home and
as a world are we ready? - I
don't think so. I believe we
all need to settle are petty disagreements
and focus on the task at hand. -

Leading people to Christ. Do you
think you can do that through radio?
I do. I love you all regardless
of your decision. My suggestion
would be to pray about it. That
would leave out all of the guess
work because ^{God's} answer would
be fair, just, and perfect.

P.S.

Have Faith,
and trust
in God's wisdom

God Bless you
all

Jeff Shack

To the FCC,

Regarding the shut down of K-LOVE and putting the station on a lower frequency or replacing it all together.

I ask you not to shut down K-Love because it would greatly destroy the belief that there really is a separation of church & state in this great country of ours.

I also ask that you keep this station on air because it really helps us christians go on through the day. This station encourages me to live a edifying life, a proper life, a good life & a moral life.

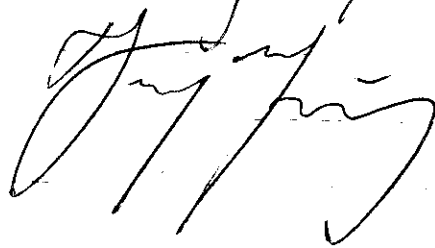

The music is also good because it is edifying and a good sound with no cursing and immoral sounds that encourage people to use drugs, have sex with many, steal, kill, ect...

This station helps the community by giving us encouraging news and music. It also brings this ~~station~~ community closer together.

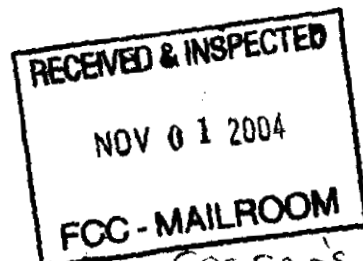

→

Shutting this station down would
distroy our constitutional right
that of seperation of church
& state. Please think twice
about what ~~you~~ you are doing.

Sincerely, Maciej Frycz

A stylized, cursive handwritten signature in dark ink, appearing to read 'Maciej Frycz'.

To the F.C.C.

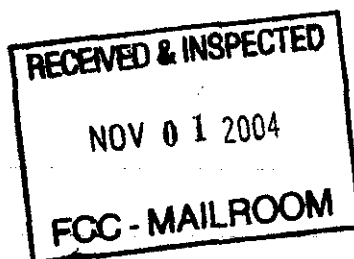

The following are three reasons why my family and I support K-LOVE.

- 1) K-LOVE serves my family and I by providing uplifting and edifying music that parallel our core values as a family, in addition I have several friends who listen to this station daily.
- 2) The effect on my family, friends, and myself if this station is displaced would be very, very disappointing. There are no other stations available that provide this type of service to us.
- 3) I believe K-LOVE being kept on air is in the public interest due to the lack of other quality stations that provide music for my "WHOLE" family and the values that we hold. In the day of which we live, this station needs to stay on the air.

Sincerely,
Tony Penarelli

TO: FCC

This letter is to state the importance of having a Christian Radio station available to the public. This country was built on ~~the~~ God by the founding fathers. The Radio station K-106 is an important part of Humboldt County. ME and my friends enjoy listening to good Holston music. Please keep this station alive and on the air. The United States has enough secular music over the air. When the Rapture comes Jesus Christ will judge the world and this station helps bring the public to Jesus.

To whom it may

I would like to first of all tell you a little bit about myself. I've been saved for about a year and a half. I think it's very important that K-Love stay on the air. for saved and unsaved people. K-Love is one of the few radio stations that doesn't have any cursing at any time. I think it would be detrimental to more than just christians if K-Love is shut down. I am the Overseer ~~man~~ of a christian discipleship in northern-california where there is 24 residents the only music we listen to is K-Love I really hope and pray that you reconsider shutting down K-Love

FCC -

I am concerned about the possibility of KLOVE being taken off the FM radio.

My mornings are brighter when I listen to KLOVE. The positive twist on news updates are encouraging, rather than oppressive. Additionally, my entire family can listen to the music on KLOVE without be offended or censoring. This unique radio station offers a telephone line for people in our community to call-in their prayer requests.

This commercial-free radio station offers my community of midtown Sacramento a healthy and positive alternative on the FM radio line up.

Please do NOT remove KLOVE from the FM radio stations line-up.

Thank you -

Jacob Dunlap

This letter is Very
important so please read!

Concerning the possibility
of your control over my family's
source of religious/christian
music station. It's an outrage
to my family and myself to
even think your capable of
shutting down K-Love's radio
stations & frequency's (103.7 F.M.)

I am petitioning you
to reconsider your mistaken
policy concerning this matter

Sincerely,

James & family
God bless!

RE: MB Docket No. 04-233

To Whom It May Concern:

I am writing in regards to the possibility of K-LOVE being taken off the air. I can not express enough how personally grieved I would be if this were to take place. I am the director of a Christ-centered rehabilitation program. We are an alternative to secular programs. We have K-LOVE playing each day in our mission. It is the only station that is allowed to be played, because we trust the quality of music and the conversations and news that is aired meets the highest standards.

Everyone here truly enjoys the K-LOVE station. I can tell a difference in the moods of those listening while they are doing their daily chores or just hanging out with others here. K-LOVE is definitely having a positive influence in many lives and not just the ones here. We have many Christian friends and most all of them listen to K-LOVE. Even little children I know love listening to K-LOVE.

You will find letters enclosed from the residents and staff from this ministry. It is all of our hopes and prayers that K-LOVE will not be taken off the air. We hope that your will prayerfully consider NOT taking K-LOVE off the air. Thank you for your consideration.

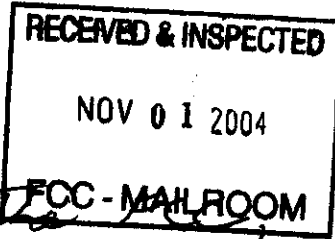

God Bless You,

Christy Christy

To ~~the FCC~~

I am living in Honeydew,
California at a christian mission.
We listen to KLOVE almost
Everyday.

I enjoy the good christian
music, edifying the Lord. There
way too much garbage on the
air, now days.

I writing to suport, KLOVE,
and ask you not to shut
them down. It's one of the
only stations we get, here
on this mountain.

And, being a christian
center, it's good support
for me and everyone else
living here. There's at least
(30 to 40) people here. Everyone
is in agreement to support
KLOVE.

THANK YOU
&

God Bless

Communications Commissions 10-25-04.

This radio station has truly helped my Christian walk. I have walked with the Lord for about 1 1/2 years now. I have 2 children that I am trying to raise in a Christian home. I will not allow them to listen secular music anymore, as it is mostly filled with sex and violence. In order to raise my kids right, I can not subject them to it any more.

You have to really understand where we have come from and how important it is to keep this radio station on. I used to use drugs and had a really messed up life. I listened to worldly music and Satan had his way in my life. I was trapped, on my way to death. But when I came to the Lord, and I started to change, getting off drugs and such, listening to K. Love has greatly helped my recovery and ~~me~~ has helped my kids on the right path to life.

Thank you for listening, and God Bless.

We will keep K. Love up in prayer as well as your company as a corporate prayer. I truly believe in the power of prayer.

Thank you

Sarah Jean Mason

Federal Communications Commissions

My name is Kelly and I am 33 1/2 years old and am at The Mountain of Mercy missions getting my life together with the Lord. We are a place where our whole purpose is to put God first and we don't do anything, say anything or listen to anything unless it's about the father the Son or the Holy Ghost. We listen to your station all the time here when we were working playing and then some.

It is a very encouraging station and I have two girls (9 & 11 yrs) that listen to the radio and my nine year old especially listens to K Love and loves it. She knows that K Love is where it is at. I want my girls to keep listening to good lovely God songs and not get corrupt to a station that is not of anything but God.

I really don't understand why it would even be a possibility to cut K Love off.

Please Reconsider!

Thank You

Kelly Jodine

I am Writing this in regards to the Change
in the FM frequency band. I don't know if
you realize that taking Khor and other stations
like Khor off the Air how it would affect
the people who listen. Listening to this station
has gotten me through some really hard
times. for example they have people that
on the air that experience and the love of
it. ~~through~~ through it, you know your
not alone. They always have something positive
to say unlike other stations that talk about the
negative. ~~unlike~~ Thank you for your
time in this matter and remember

7/1/04
